Concussion Code of Conduct for Participants 18 years of age and older and Parents/Guardians for participants under 18 years of age.

This is the Concussion Code of Conduct for participants 18 years of age and older and parents/guardians of participants under 18 years of age participating in activities at Simcoe Curling Club. This Code of Conduct must be reviewed annually. Governing your actions by this Code of Conduct will minimize the risk of concussion and ensure you are aware of the signs of concussions and you act honestly and appropriately should symptoms of a concussion be noticed.

I will help prevent concussions by:

- Wearing the proper equipment for my sport and wearing it correctly.
- Developing my skills and strength so that I can participate to the best of my ability.
- Respecting the rules of my sport or activity.
- My commitment to fair play and respect for all (respecting other participants, coaches, on-ice instructors and officials).

I will care for my health and safety by taking concussions seriously, and I understand that:

- A concussion is a brain injury that can have both short- and long-term effects.
- A blow to my head, face or neck, or a blow to the body that causes the brain to move around inside the skull may cause a concussion.
- I don't need to lose consciousness to have had a concussion.
- I have a commitment to concussion recognition and reporting, including self-reporting of possible concussion and reporting to a designated person when an individual suspects that another individual may have sustained a concussion. (Meaning: If I think I might have a concussion I should stop participating in further training, practice or competition immediately, or tell an adult if I think another participant has a concussion).
- Continuing to participate in further training, practice or competition with a possible concussion increases my risk of more severe, longer lasting symptoms, and increases my risk of other injuries.

- I will not hide concussion symptoms. I will speak up for myself and others.
- I will not hide my symptoms. I will tell a coach, on-ice instructor, parent or another adult I trust if I experience any symptoms of concussion.
- If someone else tells me about concussion symptoms, or I see signs they might have a concussion, I will tell a coach, on-ice instructor, parent or another adult I trust so they can help.
- I understand that if I have a suspected concussion, I will be removed from sport and that I will not be able to return to training, practice or competition until I undergo a medical assessment by a medical doctor or nurse practitioner and have been medically cleared to return to training, practice or competition.
- I have a commitment to sharing any pertinent information regarding incidents of removal from sport with the participant's school and any other sport organization with which the participant has registered. (Meaning: If I am diagnosed with a concussion, I understand that letting all of my other coaches and teachers know about my injury will help them support me while I recover.)

I will take the time I need to recover, because it is important for my health.

- I understand my commitment to supporting the return-to-sport process (I will have to follow Simcoe Curling Club's Return-to-Sport Protocol).
- I understand I will have to be medically cleared by a medical doctor or nurse practitioner before returning to training, practice or competition.
- I will respect my coaches, on-ice instructor, parents, health-care professionals, and medical doctors and nurse practitioners, regarding my health and safety.

By signing here, I acknowledge that I have fully reviewed and commit to this Concussion Code of Conduct.
